About Me

Final-year Industrial and Production Engineering student at BUET with a strong foundation in manufacturing, optimization, simulation, data analysis, and supply chain management. Experienced in leadership, project coordination, and technical design through active roles in university clubs and campus ambassador. Skilled in problem-solving, teamwork, and technical communication, seeking an opportunity to apply analytical, technical, and organizational skills in a practical industry setting.

Education

Bangladesh University of Engineering and Technology
Bachelor of Science in Industrial and Production Engineering, Ongoing Level-4, Term-2, ***CGPA: 3.90*** *(up to 7th Semester)* *2022–2026*

Notre Dame College, Dhaka
Higher Secondary Certificate, Grade: 5.00 *2020*

Udayan Secondary School, Barishal
Secondary School Certificate, Grade: 5.00 *2018*

Experience

RANCON Industrial Park
Internship for Industrial Attachment Course *Nov 10, 2025 – Dec 4, 2025*

- Identified bottlenecks and improvement opportunities on RMBL Assembly Line 2 through time study and ergonomic assessment.
- Pinpointed recurring defects and likely process causes by analyzing quality inspection datasets.
- Improved workplace organization at RAIL by supporting 5S implementation — sorting tools, standardizing storage, and optimizing rack layout.
- Contributed to potential efficiency gains by discussing station merging and line balancing options with management.

PRAN-RFL Group
Campus Ambassador *2025–2026*

- Served as the primary liaison between PRAN-RFL Group and BUET, facilitating seamless communication between the organization and the campus community while actively promoting brand presence and strengthening the organization's relationship with prospective talent.
- Coordinated and hosted company representatives at *Corporate Connect*, a career festival organized under IPE Fiesta 2026, ensuring smooth engagement between industry professionals and students.

Extra-Curriculars

Vice-President
BUET Entrepreneurship Development Club, BUET EDC *2022–Ongoing*

- Supervising the Design Team, maintaining professional and trendy visual elements, leading to 100+ designs that attracted over 4,000 impressions.
- Contributed to the successful management of 10+ seminars and events through active involvement in design and design logistics.

Financial Secretary
Association of Industrial and Production Engineers, AIPE *2022–Ongoing*

- Overseeing budget management, financial planning, and resource allocation for various club activities.
- Designed and published the first full-fledged departmental magazine at IPE Fiesta 2024 as former Design Executive.
- Created visual elements for various occasions that increased appeal and engagement, and participated in logistics and event management.

Achievements

Certifications:

- **CSCA: Certified Supply Chain Analyst** (Certification from ISCEA, International Supply Chain Education Alliance) (2025)
- **Work Smarter with Microsoft Excel** (Coursera)
- **Perfect Attendance**, Notre Dame College, Dhaka (2020)

Awards:

- **100% Scholarship Winner** at the ISCEA Prize Global Supply Chain Case Competition 2024
- **Annual Dean's List Scholarship** at BUET (3 times till now)
